Australia Awards Cambodia

Australia's development assistance in Cambodia aims to contribute to greater prosperity, stability and resilience - in Cambodia and the broader Indo-Pacific region.

Australia Awards Scholarships are prestigious international awards offered by the Australian Government to the next generation of global leaders for development. Through study and research, recipients develop the skills and knowledge to drive change and help build enduring people-to-people links with Australia.

Australia Awards Scholarships provide educational opportunities for talented Cambodians at the postgraduate level to contribute to Cambodia's development, and COVID-19 response and recovery, in line with Australia's Cambodia COVID-19 Development Response Plan, available at: <https://www.dfat.gov.au/sites/default/files/covid-response-plan-cambodia.pdf>

Applicants are assessed for their professional and personal qualities, academic competence and, most importantly, their potential to impact on development challenges in Cambodia.

Level of study

Australia Awards Scholarships are long-term awards that provide Cambodians with the opportunity to obtain a postgraduate qualification at an Australian tertiary education institution at:

- **Masters level**, by coursework or research
- **Doctoral level (PhD)**

What can I study?

In recognition of the genuine development challenges across all sectors in Cambodia, applicants from all fields of study are encouraged to apply.

Applicants should select courses that align with their experience and qualifications or provide a strong justification for courses that represent a shift in career focus or direction.

Please note that scholarships are not available for general management degrees, such as a Master of Business Administration.

Candidates are advised to check the Australia Awards Cambodia website for further information:

www.australiaawardscambodia.org

Cambodians from all walks of life are invited to apply for an Australia Awards Scholarship. The application process is open and competitive.

Australia Awards Scholarships are open to applicants from all sectors in Cambodia, including public sector agencies, academia and think tanks, civil society organisations, the media and the private sector.

Applications are strongly encouraged from women, people with disability, people living and working outside of Phnom Penh, indigenous and ethnic minorities and other marginalised groups. A support scheme is available to assist equal participation for these applicants.

Benefits of an Australia Awards Scholarship

Scholarship recipients will receive the following:

- return air travel
- a one-off establishment allowance on arrival
- full tuition fees

IMPORTANT NOTE:

Reducing barriers for women, people with disability, people from provincial locations, indigenous and ethnic minorities and other marginalised groups to meet the English language eligibility criteria

Australia Awards Scholarships are granted on the basis of strict eligibility criteria and through a competitive, merit-based selection process. For women, people with disability, people from provincial locations, indigenous and ethnic minorities and other marginalised groups ('equity' groups) we understand that meeting eligibility criteria, such as English language, can be difficult to achieve and present a barrier to application.

To reduce barriers to access, Australia Awards Cambodia offers an **Equity Pathway Program** designed to support members of equity groups to access high quality English language training. Through the support of the EPP, potential AAS applicants from equity groups can work toward raising their English language skills and become eligible to apply for an Australia Awards Scholarship.

If you think that you are not eligible to apply for a scholarship because of your English language proficiency and want to find out if you can join the Equity Pathway Program, please contact the Australia Awards Cambodia office for more information.

The Australia Awards Scholarship recipient is responsible for the financial and material support of family members while in Australia.

Pre-Departure Training

Prior to departure to Australia, all provisional Australia Awards Scholarship recipients are required to undertake three-weeks full-time pre-departure training.

In addition, those provisional awardees yet to achieve the prescribed English language proficiency levels may be required to undertake English language training, either part-time or full-time, over a period of time to meet the English proficiency requirements.

During those periods, a monthly stipend is paid: USD 200 per month for Phnom Penh-based recipients and USD 240 per month for those outside of Phnom Penh.
