Australia Awards Cambodia

Australia's international development assistance in Cambodia promotes a peaceful, stable and prosperous future for Australia and in the region.

The Australia Awards program aims to support partner countries in achieving their development goals through education, knowledge exchange, and building enduring relationships with Australia. It equips emerging leaders with the skills, networks, and experience needed to contribute to sustainable development and foster international cooperation.

Applicants are assessed on their professional and personal qualities, academic competence and, most importantly, their potential to exercise leadership and impact on development challenges in eligible countries.

Level of study

Australia Awards Scholarships are long-term awards providing Cambodians with the opportunity to obtain a postgraduate qualification at an Australian tertiary education institution at:

- **Masters level**, by coursework or research
- **Doctoral level (PhD)**

What can I study?

In recognition of the genuine development challenges across all sectors in Cambodia, applicants from all fields of study are encouraged to apply. Applications for climate-related study are strongly encouraged.

Applicants should select courses that align with their experience and qualifications or provide a strong justification for courses that represent a shift in career focus or direction.

Please note that scholarships are not available for general management degrees, such as a Master of Business Administration.

Candidates are advised to check the Australia Awards Cambodia website for further information:
www.australiaawardscambodia.org

IMPORTANT NOTE:

Reducing barriers for women, people with disability, people from provincial locations, Indigenous and ethnic minorities, LGBTIQA+ and other marginalised groups to meet the English language eligibility criteria

Australia Awards Scholarships are granted on the basis of strict eligibility criteria and through a competitive, merit-based selection process. For women, people with disability, people from provincial locations, Indigenous and ethnic minorities, LGBTIQA+ and other marginalised groups ('equity' groups), we understand that meeting eligibility criteria, such as English language, can be difficult to achieve and present a barrier to application.

To reduce barriers to access, Australia Awards Cambodia offers an **Equity Pathways Program (EPP)** designed to support members of equity groups to access high quality English language training. Through the support of the EPP, potential AAS applicants from equity groups can work toward raising their English language skills and become eligible to apply for an Australia Awards Scholarship.

If you think that you are not eligible to apply for a scholarship because of your English language proficiency and want to find out if you can join the Equity Pathways Program, please contact the Australia Awards Cambodia office for more information.
